LOCOG is seeking interested parties for the temporary design, supply, install, maintenance/repair and removal of Broadcast Lighting. The scope of work as set out by LOCOG using OBS (Olympic Broadcast Service) technical specification guidelines will cover all Broadcast Lighting requirements at each applicable venue.

### Description

Broadcast Lighting is required at Olympic and/or Paralympic competition event venues and may include; field of play, warm up courts, mixed zones, press conference rooms, athletes' pathways, flags of nations, ceremony flags and spectator areas. There may be up to 34 venues that require some or all of the above areas to be lit. Generally speaking, each venue is unique and will require an individual solution.

Included in the scope of work will be the labour and/or equipment necessary in order to complete the rigging and fitting of lighting within each venue. LOCOG is seeking an integrated solution which may include but is

not limited to the following key factors;

- GE fixtures and lamps (based upon design(s) provided by GE)  
Note: GE is a Worldwide Partner of the Olympic Games and has the right to supply lighting to LOCOG where such fixtures meet the technical specifications and are appropriate to LOCOG's organisational needs;
- Installation;
- Lighting system operations;
- Maintenance; and
- Removal.
